SVPS23N1-50 NEWSTAR KVM SWITCH CABLE, PS/2

The SVPS23N1-50 is a 15 meter KVM switch cable.

The SVPS23N1-50 is a 15 meter KVM switch cable.

This NewStar universal 3-in-1 KVM switch cable is designed to be the highest quality tangle-free KVM switch cable available. This cable is compatible for the NewStar KVM switch. Keyboardconnection M/M, mouse M/M, monitor M/F.

This cable combines separate keyboard, monitor, and mouse into one cable split at each end. This design makes it inherently tangle-free and easier to manage since the total cable count is reduced to 1/3.

The VGA Video section of the cable is coaxial eliminating picture "ghosting" and fuzzy images, and using ferrite cores near the connector ends provides superior EMI interference protection.

SPECIFICATIONS

Color	Black
Warranty	5 year
